College Day is exhilarating experience and occasion to revisit our great heritage, voice our shared values, our dreams, achievements, unravel the future vision and reaffirm our commitment to the principles of diversity, equity and inclusion facilitating excellence in the quality of education for all sections of the society. Every year brings with it so much freshness, new ideas and opens up new horizons to be explored. In our persevering mission of serving humankind, our faith in the Almighty gets strengthened and we seek His blessings in all our endeavours.

This prestigious institution which is managed by Jesuits has been relentlessly serving the society for the last 143 years without deviating from the vision and mission envisaged by our founders. Needless to say, generations of Jesuits and their collaborators have greatly contributed to our single-minded commitment to our ideal of forming men and women of commitment, competence, compassion and conscience reading the signs of time. Generations of students who have passed through the portals of this great institution have immensely contributed to all spheres of life as ambassadors of this vision and mission and have been catalysts of the social, economic and spiritual transformation at the regional, national and global levels.

St Aloysius College has traversed many significant milestones during the past 143 years and the legacy is carried forward with a renewed hope and aspiration into the 144<sup>th</sup> year steadily moving towards the fast approaching the Jubilee Year of completing 150 years of service to the cause of higher education. As we are proud of our achievements, we have set newer and higher benchmarks and have stretched the boundaries in quest of excellence and service. Today, I feel a deep sense of fulfilment as this institution consistently attains unprecedented and singular distinctions keeping the motto of the College 'Shine to Enkindle' always as the guiding light.

#### **College Secures Distinctive NAAC Grade of A++ with 3.67 CGPA**

St Aloysius College (Autonomous) has attained yet another distinctive achievement by securing the highest A++ Grade with the Cumulative Grade Point Average (CGPA) of 3.67 out of 4 in the fourth cycle of NAAC Accreditation. The College is rated as one of the best higher educational institutions in the state and the country with this distinctive grade. The College has been consistently maintaining significant incremental growth throughout its four cycles of NAAC accreditations.

After a thorough review of the academic and non-academic infrastructure as well as extensive interactions with staff, students, alumni, parents and other stakeholders, the Peer Team expressed their satisfaction and appreciation for the great strides the institution has been taking and growing from strength to strength. The team commended the efforts of the institution towards enhancing its credentials in all areas of higher education aligning its vision to the local, regional, national and global needs. The campus culture that represents diversity, equity and inclusion, the talent pool of students in sports and cultural performances, environmental initiatives and decentralization of governance were some of the salient features of the institution highlighted by the Peer Team. The Chairperson of the Peer Team said that the institution deserves to be upgraded to a university and wished that it happens very soon. My gratitude goes to Dr Jayaprakash Gowda for coordinating the entire fourth cycle of NAAC Accreditation in an efficient and effective manner. The entire team of the mentors, criteria heads, the technical team and the IQAC team deserves our appreciation and dedicated work.

The College was awarded the autonomous status 16 years ago and has continually strived to upgrade itself with state-of-the-art curriculum imparting global competencies. It has been functioning like a university with undergraduate and postgraduate programmes across disciplines with more than 20 Research Centres offering Ph.D. Programmes having more than 30 Research Guides recognized by various Universities and Research Institutions.

It is with a great sense of pride I would like to announce that we are on the threshold of becoming a deemed to be university. All the rigorous processes involved in attaining the status of a deemed to be university have been completed. The reports after evaluation of our proposals and required compliances have been positive. We look forward to your prayers and wishes as we await decision of the authorities.

The College emphasizes that the students cultivate a compassionate heart that vibrates for and with others. We, at St Aloysius believe that education is for both formation and transformation. Therefore we are on a determined journey towards building a humane, just, eco-friendly and gender sensitive society. In a special way we have made a serious attempt at focusing on the sustainable development goals envisaged by the UN and they have been our frame of reference in our curriculum development, pedagogical practices paving the way towards creating an equitable and inclusive growth paradigm which will lead us into an economy driven by shared prosperity. Our goal is to spread the message that we are all one God's family. Our consistent attempt has been to create a community of persons who are continuously in harmony with nature and the 'others'. I am sure that the education that we impart in this institution will be able to steadily harness the ever-vibrant cultural diversity of the coastal region and the reservoir of talents of our youth, especially our students, for nation building and harmony which is the need of the hour.

#### **UGC-STRIDE SCHEME & THE COLLEGE DAY THEME:**

I am proud to announce that we have chosen the most appropriate theme for the College Day, "**Celebrating Indigenous Cultures – Desi Sambrama.**" The College received the rare honour of the UGC-STRIDE Scheme in 2020 from the government of India. STRIDE stands for Scheme for Trans-disciplinary Research for India's Developing Economy. Our College is one of the 34 institutions of higher education that was awarded the scheme. The broad area of research under the scheme is to undertake a critical study of the cultural diversity of coastal Karnataka. We are extremely delighted to inform you that the three-year scheme has been successfully accomplished this year. As many as 14 major research projects have been undertaken under the scheme in collaboration with the state language academies, department of culture and NGOs and organizations working for promotion of cultural artefacts. A series of webinars, seminars, workshops and conferences on research capacity building have been organized during the past three years for staff and students of not only our

college but also to staff and students of other institutions in the region. The research projects are related to the indigenous languages like Konkani, Tulu and Beary as well as on the linguistic, religious and social traditions of the region. Besides studies on Cults, Food systems, translations of indigenous texts (oral and written), folk literatures and other dimensions of cultural diversities have been critically assessed. Several activities towards promotion of the fine and performing arts forms of coastal Karnataka and beyond have been organized. A rich collection of data and documents are prepared as a result of these trans-disciplinary research projects. It is a matter of great sense of satisfaction and pride that we have successfully accomplished the task of the UGC-STRIDE Scheme. The College firmly believes in the principle that the sustainability of its vision and mission depends entirely on its commitment of the values of diversity, equity and inclusion. In this context, UGC-STRIDE Scheme has provided the much needed impetus to research capacity building. I would like to place on record the tireless work and diligent planning of Dr Alwyn D'Sa, the Registrar and Coordinator of the Scheme for ensuring that the Scheme is implemented with utmost care and transparency complying with all protocols and meeting the deadlines thus completing the scheme in a timely manner. The cultural extravaganza that the talented students present today will be a celebration of the indigenous 'Desi' flavour of our cultural diversity.

### **CANTEEN COMMITTEE REPORT 2022-2023**

The canteen committee at St. Aloysius College is headed by the Principal Rev Dr. Praveen Martis SJ who looks after the welfare of operations related to the canteen. The Committee holds meeting twice a year and discusses about various issues and the improvements which can be made in the canteen service. The meetings are headed by the staff Coordinator Mr Shakin Raj who looks after the proceedings of the meetings along with Student Coordinators Ms Sonal and Mr Alister .

#### **ANNUAL REPORT**

It's going to be a year since the new constructed canteen is operational and so far the canteen management has taken care of the quality and hygiene. In the beginning there were certain points which were highlighted in the meeting like quantity of the food items and using of disposable materials in the canteen ,shortage of canteen supplier, the price of the food items but those points were taken care of and necessary things were done to improve according to the canteen committee feedback.

Looking at the menu the canteen management has really added new food items every now and then there used to be a complaint regarding non availability of fresh fruit juices which now has been resolved and along with the fresh fruit juices and fruit milk shakes I have observed many other kind off beverages such as cool crush , moctails etc. in the food menu they had limited snacks , Chinese and meals in the beginning which now has variety of snacks such has burgers, sandwiches, shawarma rolls, momos etc. and they provide punjabi samosa in rs 10 which i have realised is students go to snack at leisure since it's pocket friendly and stomach filling .

In the meals menu they have veg, chicken and fish meals now which a lot of staff members including me have been preferring for their afternoon lunch they have kept two staffs to serve at the table which is gotten better with time but sometimes when its bit crowded the service gets bit delayed which needs to be resolved. Mid meals have been served and managed well by them the students have been giving positive feedback about it though sometimes the numbers differ monthly I believe in coming days we'll see lot of students taking benefit of this initiative by the college.

Coming to the hygiene part the canteen management has lived up to the mark the dining area is cleaned constantly and the kitchen is well maintained weekly they have throughout deep cleaning on Saturday which I have personally inspected on occasions and found out quite satisfactory added to this the staff is also always in uniform with their head caps and hand gloves while serving and cooking the food which was never seen in the case of previous canteen management.

During the recent NAAC visit the valuator were impressed with the hygiene maintained in the kitchen and dining area of the canteen which also plays a part for the excellent grades we received. There was a suggestion given for an opening to be provided near the gas bank to avoid any fire incident.

The canteen management has been successful in providing regular meals to students participating in NCC even during holidays which has helped us in continuing with our activities as per our schedule.

The entire event was a success and the participants showed exemplary spirit in this event.
- **Golden Jubilee Reunion of 1972 Batch:** The golden reunion of the 1972 batch of St Aloysius College was held on Wednesday 11 January 2023. It was the finale of more than one year of preparation, reaching out to batch mates spread all over the world, keeping active and engaged the group members and preparing them for the great day, considered as once in a life time event. To meet the challenges of organizing this herculean task, an organizing committee was formed under the leadership of Archibald Menezes with the supporting team consisting of Herald Fernandes, Gregory Serrao, Ramesh Rao, Varadaraj Pai, Narayana Pujari, Venkappa Rai and Rajaram Karanth. The great day finally dawned on 11<sup>th</sup> January and batchmates arrived from within and outside India to meet and greet their fellow batch mates after a gap of 50 long years. Though the batch of 1972 had a total of 270 outgoing students, only 74 members could be reached and enrolled in the group. To participate in the function, 43 of them registered but only 34 could be present. However, it was memorable reunion of friends meeting after 50 Golden years of life, many of them struggling to identify each other, through grey hair (if any hairs were left over), bald heads, pot bellies and those bright smiles. They greeted each other with loud voices, and bear hugs and to an extent tears in their eyes, on 11<sup>th</sup> Morning the Golden boys assembled at the old auditorium (now fondly called Gelge) for a sumptuous breakfast and to be ready for the

upcoming mock convocation by wearing convocation gowns. They were assisted by ever helpful, smiling student council members. They were joined by Rev. Fr. Melwin Pinto SJ Rector of St. Aloysius Institutions, Rev. FR. Praveen Martis SJ Principal of St. Aloysius College, Dr. Alwyn D' Sa, Registrar of the college and few other guests. As memorabilia of the event, the batch assembled at Mother Theresa Park with full attire and took group Photographs. The Golden Batch students were escorted by the NCC cadets of Army, Air Wing and Navy Wing after which a unique Golden Batch Flag was hoisted by Mr. Archibald Menezes, the convener of the Golden Batch Reunion and the program was declared opened. The batch marched along the ceremonial procession with the band to Robert Sequeira Hall, LCRI building where the formal program was conducted. Fr Melwin Joseph Pinto SJ, the rector of St Aloysius Institutions; Dr Praveen Martis SJ, principal, St Aloysius College (Autonomous); Dr Alwyn D'Sa, registrar and controller of examinations, Mr. Archibald Menezes, the convener and Mr. Herald Fernandes were on the dais. The program began with Invocation by college students for God's Blessings and a moment of silence was observed for the departed souls. A special remembrance was done for the departed souls of Late Fr. L.F. Rasqueina SJ, then principal of the batch and Late Fr. Stany Vas SJ, the viceprincipal of 1972 batch and also of the departed professors. The convener delivered the welcome speech where he thanked his batchmates, teachers and all those who rendered their support and generosity for their Alma mater. Soon after, there was a convocation ceremony for each the 1972 golden batchmates present at the event. Each one was given a memento. They seemed very happy and content to be in convocation gowns and caps since they had never been in this attire and had only seen it in photographs. They too wanted their pictures with caps tossed in the air and this golden moment was captured through the photographers lense.

The Golden Batch honored and felicitated seven of their professors/lecturers who had taught them. In his keynote address Herald Fernandes said, "I would like to bow my head to our respected professors. Your presence among us has doubled our enjoyment. We are fortunate enough to be one among those hundreds of batches that have passed out from this institution. We go back to those days of our life that shaped our future and made us what we are today. This is not just a reunion of friends but also the reunion of memories. Class reunions are a special chance to see old friends. Nothing makes us feel younger today than being with those whom we knew when we were actually younger. We were all bound by togetherness and friendship and will be called proud Aloysians till our last breath. I feel proud and honored to say that my father as well as my son was fortunate enough to study here. I hope and wish that my grandchildren will also step into our shoes and follow the legacy." Principal St Aloysius College Dr Praveen Martis said, "It is a great honor and privilege that you all have come back for your reunion in a special way. Our alumni have been a great ambassador of the college by reaching great heights. When you come back to the institution, you share your memories and cherish them." Rector St Aloysius Institutions Fr Melwin Pinto said, "We have to thank God for the memories. We have got a heart and mind to recall those memories. Your heart prompts us to do something. Those memories trigger sentiments. The attachment is not just for the building, but it is to the person. The growth of this institution is because of the alumni and the well-wishers. The goodwill that the alumni have towards this college means a lot to us. I would like to tell our students to learn something from the alumni here. All of them felt that attachment to the college and they have come here. Let that be an ideal before you." The 1972 batch handed over a cheque of Rs 8,50,000 to St Aloysius College as part contribution to the Benjamin D Souza Sports Foundation with the promise to raise more funds. To

continue the tradition of celebrating the Golden Reunion of subsequent batches initially started by 1970 batch, the reunion flag was ceremoniously and formally handed over to the representative of 1973 batch, Mr. Ravindranath by Mr Archibald Menezes. Mr James Mendonca delivered the vote of thanks and Manoj Fernandes meticulously compered the event. The program concluded by singing the National Anthem.

Whole hearted support from each and every executive member resulted in having a wonderful and memorable event.

- **Inauguration of Benjamin Memorial Sports Foundation (BMSF):** St. Aloysius has always been known for its supremacy in sports. To give a boost to the waning glory of Aloysian Sports, the Alumni Sportspersons came up with a new initiative. They joined hands with the management to restore the Aloysian pride by establishing ‘Benjamin Memorial Sports Foundation (BMSF) and inaugurating it at the Annual Alumni (SACAA) Reunion. It is named after Mr. Benjamin D’Souza, the PED of St. Aloysius College, who was no less than a legend of the last few decades. The main purpose of this initiative is to provide a platform for budding Aloysians to create a strong foothold in the sports arena and ultimately transform it into a sporting hub. With plans to spot young talent, arrange coaching for various disciplines, endow with sports scholarships, provide nourishment for sportspersons, organize tournaments and eventually build infrastructure the alumni is all set to make a big difference to sports in the institution. The 1972 Golden Jubilee batch contributed a sum of Rs 10.5 Lakh towards this initiative which is the first contribution towards the BMSF fund.
- **Launch of Digital Kiosk:** Many an alumnus visits us with a request to view his annual school/ college magazine. To avoid the wear and tear of such important documents we came up with an initiative of a

digital kiosk which will display the scanned magazines of the past and documents from the year 1939 and these can be selectively viewed on a large screen. The Kiosk was unveiled at the Annual SACAA Reunion and is presently installed at the SACAA office at the High school building. Ever since, a lot of Alumni have been visiting us to have a glimpse of their class and other photographs and various articles published back then.

## CONCLUSION

We have come to the end of the College Annual Report for the year 2022-23. We are grateful to God for the choicest blessings he has showered on our institution. This indeed has been a memorable year for us with several achievements in academic, co-curricular and extra-curricular domains. We firmly believe that education in this institution will be meaningful only to the extent that our students imbibe and put into practice the vision and mission of the college and become men and women for and with others; become active agents of change and make a difference. All that the college can do is to accompany and assist the students in realizing their hidden potential, to partner with them in the task of their integral formation so that they channelize their faculties towards building a humane, just, eco-friendly and gender sensitive society.

Let me take this opportunity to place on record all those who lent their hand to me in the effective administration of this huge and prestigious College during this year. It is not easy to manage and guide such a large number of students who are at a crucial juncture of their physical and psychological growth. However, this year has been a pleasant experience with plenty of fruitful activities and meaningful achievements strengthening our autonomy, exploring new horizons and encountering new challenges and bringing the institution on the threshold of becoming a university.

At the very outset, I would like to express my gratitude to Rev. Fr Dionysius Vaz, SJ, our Provincial & President of MJES and members of the Governing Body, for the trust and confidence they have bestowed on me and for their unstinted support. I deem it my duty today, to express my deep sense of gratitude to our beloved Rector and President Rev. Fr Melwin Joseph Pinto, SJ for his constant support, counsel and encouragement. His vision, foresight and passion for the growth of this institution have played a great role in our stride towards excellence during the year. I would like to thank, in a special way, Rev. Fr Vincent Pinto for managing the finances of the College in an efficient manner. Dr Alwyn D'Sa, the Registrar & Controller of Examinations, has been always at his work of efficiently managing the administrative procedures and the examination system. I am grateful to Rev. Fr Melwyn S Pinto, SJ for professionally administering the second campus of AIMIT, BEERI. It has been a very pleasant and rewarding experience to work with our Directors: Dr Richard Gonsalves, Dr Denis Fernandes, Dr Loveena Lobo and Dr Narayan Bhat and Dr Charles Furtado. I would like to thank them all for standing by me in the day-to-day administration of the College. Dr Suresh Poojary, Dean, Research & development Cell & Dr Chandrashekar Shetty, the Research Coordinator, Mr Sonal Lobo, the IQAC Coordinator, and Dr Jayaprakash Gowda, the NAAC Coordinator and Dr Ronald Nazareth, Dean, International Collaborations for their dedicated work and support.

I thank Rev. Fr Felix Victor, SJ, and Mr Anup Denzil Veigas, the Campus Minister, and coordinator of activities & the entire team for attending to the spiritual needs of the students during the year. I would like to thank all the Deans of various faculties, Heads of Departments, Class Guides, Mentors, Presidents of Co-

curricular and Extra-curricular Associations, those teachers who willingly engaged the value education and theology classes and remedial classes, as well as teachers who went that extra mile to counsel students in the college and in the Listening Centre for showing that you care and for your committed service. We have a dedicated and vibrant administrative Staff under the leadership of Mrs Rita D'Costa and a dedicated team of Support and maintenance staff under the able guidance of Mr Godwin Coelho I would like to thank each of them for their hard work and dedication for the college. They have been always self-effacing and loyal to the institution.

My sincere gratitude goes to dedicated band of teachers who have been in-charge of several staff and student activities. You have raised the quality of programmes to greater heights and we saw our college events appear in newspapers and Television Channels every other day.

I remain grateful to the Directors of the Gents' and the Ladies' Hostels and the wardens of the Gents' and Ladies' Hostels for their labour of love.

I wish to place on record the meticulous planning and execution of this grand event by the conveners of the programme, Dr Richard Gonsalves and Dr Suresh Poojary and College Day Organizing committee members. A mere thank you would be insufficient to express my gratitude for the great work you have done. Congratulations to you! Your skills of coordination and teamwork have been exemplary.

I thank all our benefactors in India and abroad who have been supporting us in many of our activities and projects for the benefit of our students.

My gratitude is due to my dear students, especially the Office bearers of the Students' Council, President, Ms, Letitia Nathalia D'Costa, Vice President, Mr Justin Mathias, Mr Aden Nathaniel Vassou, Secretary, Ms Blanche Rodrigues, Joint Secretary, Ms Yashaswini Bhat, Cultural Secretary, Mr Jenson Anthony D'Souza, the Sports Secretary, and Principal's nominees, Ms Viola Reshma Lewis and Mr Vineeth Poojary. Your dynamic leadership with the guidance and motivation of Dr Anup Veigas and Ms Binni Chan has made this year a memorable one.

This College feels proud today with the gracious presence of Mr M. V. Nair, Chairman, TransUnion CIBIL and KFintech, an inspirational alumnus from the Golden batch of 1971 who has willingly consented to be the Chief Guest at 143rd College Day in spite of his hectic schedule. He is an admirer of the College and has guided the institution in establishing the state-of-the-art instrumentation Centre in the College. He, along with his friend Venkat, has created an Endowment Fund of rupees one crore for providing financial assistance to children of police personnel. He is a man of vision and foresight determined to make a difference in the quality of life of people. We are extremely happy to have him with us as a source of inspiration to all of us. Mr M. V. Nair, we are privileged to have you amongst us. Your ready acceptance to our invitation to be the chief guest today is a proof of your love and affection to the College. The entire Aloysian family acknowledges your eminence, applauds your achievements and wishes God's choicest blessings on you and your family.

Ladies and gentlemen, we look forward to great things to happen in this College in the coming years. One of the things that we all are excitedly waiting for is to acquire the status of a Deemed to be University. With your prayers and good wishes, we are sure that we fulfil this dream very soon. This landmark would provide us more space and freedom to experiment on diverse and multidisciplinary curriculum in pursuit of our vision

and mission of forming men and women for and with others. Some of the significant immediate plans for the future are:

As I complete my sixth year of being the Principal of this prestigious College, I feel a sense of satisfaction to present this annual College Day report. God has been always behind me showering his choicest blessings to arrive at decisions that are in the interest of the students and all the other stake holders. I am truly blessed to have the wholehearted support and cooperation from all of you. I will always be indebted to you for standing by me in all the endeavours of the college.

Let us together take this institution to greater heights. Let us work together as a team to fulfil the aspirations of our founding fathers. Let us be a true light house that guides the destinies of thousands of youths of this country into change makers and responsible citizens.

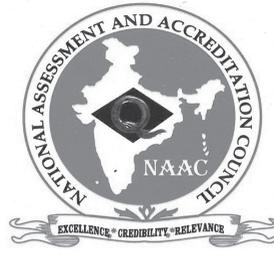

Once again, I thank each and every one of you for your esteemed presence and wish you a pleasant evening. May God bless us all!

## COLLEGE ANTHEM

Comrades, raise a joyful chorus  
Loud and glad your hearts outpour  
While the love of Alma Mater  
Bids our grateful song up-soars  
While we pledge to stand united  
True to her for evermore

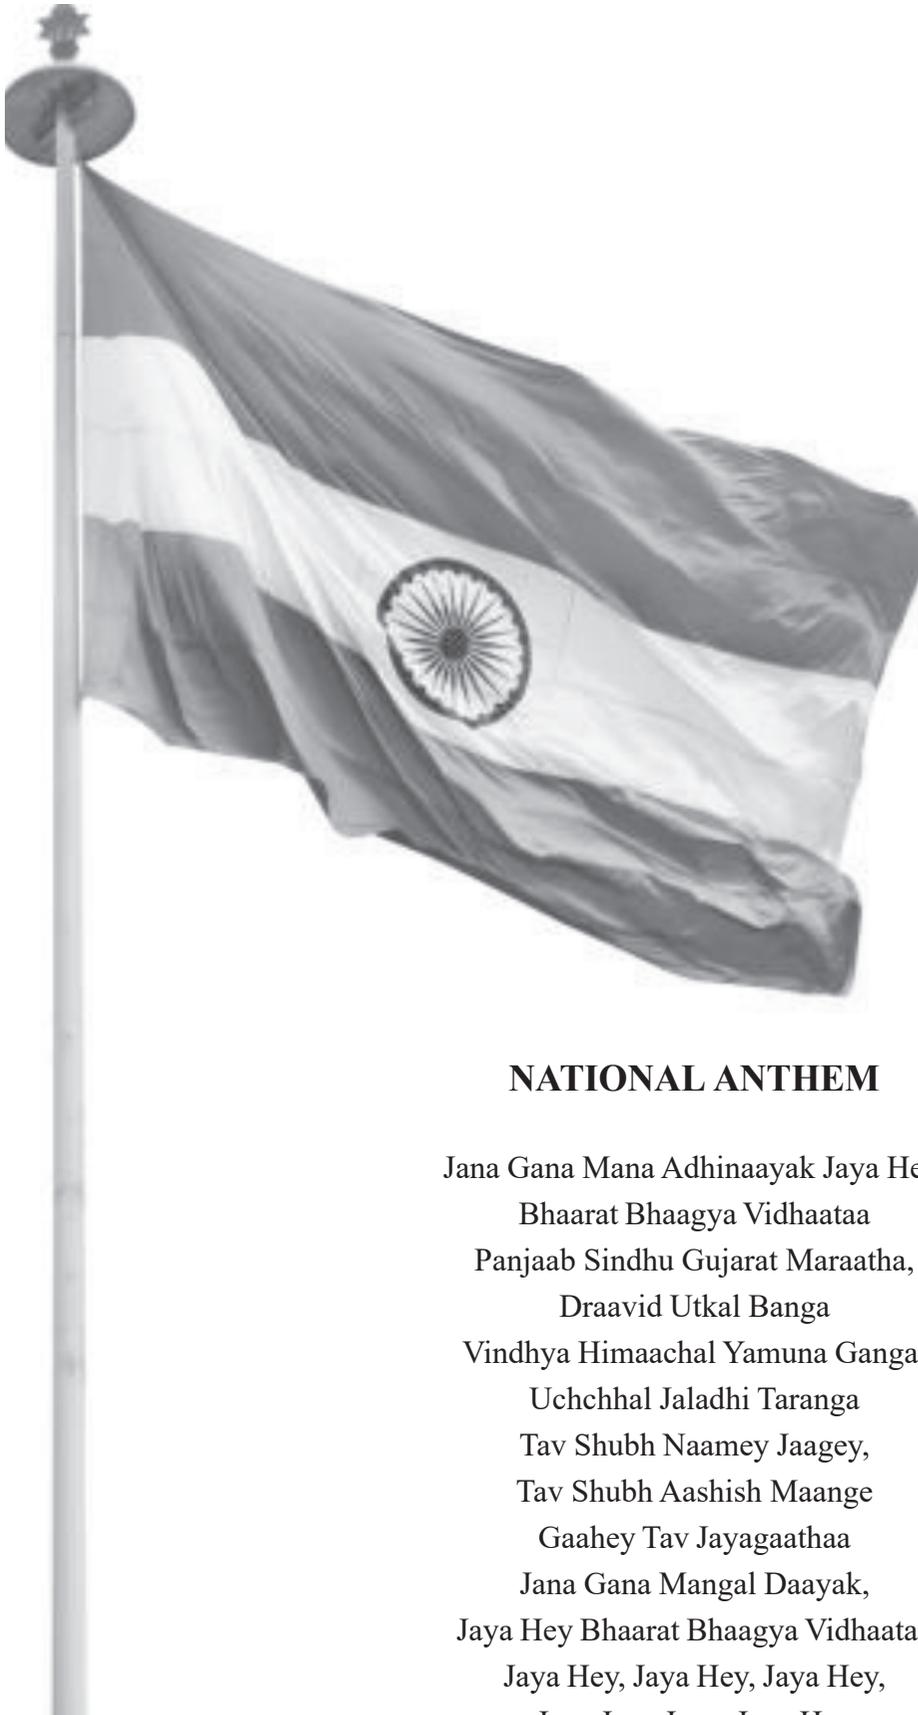

Her's the glorious gifts we've treasured  
Love of faith and learning store.  
Sword and shield to strike and shelter  
Till life's double fight is o'er.  
Till from out the deadly combat  
We come victors evermore.

Mother like for all her children  
Help of Heaven she doth explore  
Whether rest they 'neath her mantle  
Or fare distant from her door.  
Like a kindly spirit watching  
Over them evermore.

High up on the hill of idgah,  
Stands the home our hearts adore,  
Proud above the pride of palm trees,  
And the far sea's softened roar,  
Hill and deep and palm abiding,  
Our examples ever more.

Louder, louder swell the chorus  
For the happy days of yore,  
For the hopeful toiling present  
And the years that lie before,  
For the name and fame and honour  
Of our mother evermore.

By the God whose greater glory,  
Governs still thy life and lore,  
By the love thou give'st thy children  
And the light that thou dost pour,  
Prosper thou, dear Alma Mater,  
Aye for ever, evermore.
